

AMBASSADOR SHARP SAILS

City Associated Press
NEW YORK, Jan. 24.—William Sharp, ambassador to France, sailed for that country today on the steamship Leviathan.

MAC NAMARA MILL
DOUBLES CAPACITY

E. C. Simpson, superintendent of the MacNamara is busy arranging for additions to the mill which will give that plant capacity for treating double as much as goes through the mill under present conditions. The increase will raise the plant from 65 to 130 tons a day, which is said to be the highest tonnage for the number of stamps of any mill in Nevada. The improvement is necessitated by the demand of the Tonopah Divide company for taking on more ore. At present the MacNamara is treating

25 tons daily from the Divide besides handling its own ore. The increase will be gained by adding a new classifier and a Dorr thickener complete with a slimes storage tank that may be charged direct from the thickener. Under the present system it is the practice to unload into underground bins where the ore is taken by the hoist and delivered to the stamps. To save this extra labor overhead bins are being erected to permit moving ore direct to the crusher by gravity.

DIVIDE TOUCHES
NEW HIGH MARK

Tonopah Divide reached a new high-water mark today when it touched \$3.50 and softened off to \$3.52 1/2 at the close of the afternoon call. Midway was a shade off, while Gipsy Queen and Cash Boy came to the front with buying orders. The greatest seller of the day was Red Hill, which found buyers for 105,500 shares. Grandma, another Goldfield stock, was in demand with sales of 26,500. The totals of the day's sales for the principal stocks are as follows: Midway, 60,000 shares; Tonopah Divide, 6000; Gold Zone, 3500; Brougher Divide, 17,000; Cash Boy, 26,000; Divide Extension, 17,000.

CUPID LANDS FOUR
IN WESTERN UNION

If your messages over the wire today are a little confused don't blame the operators or the management for Dan Cupid is responsible for putting couples on the road to happiness last night and as a result the office is slightly demoralized. George E. Sherman, who has been attached to the Tonopah office for the past three months, popped the question to Miss Marie Helen Ryan, who until recently acted as cashier, and the date was fixed. When George E. Sherman, another operator was apprised of the event he coyly admitted that he had been preparing a little surprise of his own with the consent of Miss Vena Frazier, who recently returned from San Francisco after having resigned from the Tonopah telephone force. Then it was decided to make the affair a double wedding and the four parties concerned decided on Goldfield as the place where they would run least chances of being found out. An automobile was chartered and the party drove over to the neighboring camp after "30" came in at midnight and were united through the kindness of the Hon. Adams P. Brown, Justice of the peace, who consented to remain up late enough to meet the wedding party. This happened Wednesday night and it was not until this morning that the secret leaked out and congratulations were in order.

SHERIFF AND DEPUTY
BACK FROM WHITE RIVER

Sheriff Jack Barrier and his deputy, B. M. Bateman, returned last night from a week's visit to the eastern section of the county where they put in their time pursuing the elusive sheepman. They enjoyed the excursion as there was not a single untoward event to mar the pleasure of the outing in such delightful weather. The sheriff and deputy will leave tomorrow morning on another extended jaunt which will take them to the lower Railroad valley and through the southeastern section of the county.

VIOLENT WINDSTORM
DOES MUCH DAMAGE

A windstorm that was almost of cyclonic velocity visited the Comstock Saturday and early Sunday morning, doing considerable damage in different parts of the camp. More damage is recorded than in any zephyr of recent years. At the residence of F. A. Blake a large board from a neighboring roof was hurled through one of the large panes of glass at the second story—Virginia Chronicle.

MASONIC NOTICE

A called communication of Tonopah Lodge, No. 28, F. & A. M., will be held Friday evening, January 24, at 7:30 o'clock. Work in second degree.

Order W. M.
advJ2312 J. E. PECK, Sec'y.

TOM HARNEY DIES
IN RENO HOSPITAL

Thomas Harney, known to mining men all over Nevada and a resident of the state for nearly fifty years, died Wednesday night at a Reno hospital from Bright's disease, following an illness of several months.

"Tom" Harney was raised in Wells, Elko county, and early in life engaged in railroading, running on the road out of Wells. In 1902, soon after Tonopah was struck, he arrived here and was town marshal for two years, leaving in 1901 to accompany "Arizona" Charlie Meadows on a prospecting trip to the Island of Tiburon off the coast of Sonora.

This adventure did not prove much of a success and Harney returned to Nevada, residing in Elko county for a short time. Thence he went to Bingham Canyon, Utah, where he had charge of the watchmen on the Highland Boy mine for three years. Illness forced him to retire from active work and he went to Reno in 1915 to reside.

His widow, Mrs. Anna Harney of Reno; two brothers, Jay of Carlin, and Phil of Wells, and three sisters, Mrs. Lizzie Balm of Ogden, Mrs. Kate Conger of Long Beach, and Anna Harney of Evanston, Wyo., survive. He was fifty years old.

TEN DOLLARS DAY
DOESN'T LOOK GOOD

CARSON CITY, Jan. 24.—Opposition to the resolution providing for a "bill drafter" has developed among Democrats and Republicans. E. T. Patrick, who is in line for the appointment, says that he has twenty-three members of the assembly promised to its support. The resolution provides for a salary of \$10 per day and also says that the attorney so employed shall be at the service of the senate in a like capacity. The members refer to it as the "scatter's bill."

An increase in the revenue from sheep collections through a system which will make it impossible for foreigners who own no property in the state to evade payment of a license will be the object of a bill to be introduced.

Reorganization of the school district superintendent system was discussed at some length and the bill to be prepared will make provision for the selection of the various district superintendents by the people of the district in which they will have control. This, according to the plan of Superintendent Hunting, will bring about a reorganization of the school supervision plan under which local representation will be accorded to each district.

A detailed announcement of the changes and new plans for the school system will be made shortly by Superintendent Hunting.

GOLDFIELD ELKS TO DANCE
FOR NEAR EAST RELIEF FUND

A jitney dance for the benefit of the Armenian-Syrian relief drive will be given by the Goldfield Elks in Elks' hall tomorrow night. The campaign to raise funds for this worthy cause has thus far been unfortunate owing to the illness of N. P. Theo, appointed local chairman by the Goldfield council of defense, and Walter H. Nagle, secretary of the Reno Commercial club, who went to assist in the drive.

CARD OF THANKS

We take this means of returning thanks to the many kind friends who expressed sympathy with us in our recent bereavement and showed their kindness in various ways at the funeral by sending flowers and attending. We also desire to thank the boys who courteously acted as pallbearers.

MR. AND MRS. L. H. ABERNATHY, advJ2403

NOW BOYS WON'T
YOU HELP THEM

Here is a chance for the gallant youths of Tonopah who may have a fancy for some of the handsome feminine attaches of the telephone office or the post office. The girls have entered into a solemn compact that they will stand the price of a big feed for the side that does not come through first with a wedding. The postoffice girls say the phone girls have the advantage since they can converse all day while those handling the mail have to remain out of public sight for several hours daily and do not have a fair show to exercise the charms of their presence. The postoffice girls, however, say they have a sure winner and promise to produce the first wedding before very long.

BOLSHEVIK SPY
CAUGHT BY ENEMY

COPENHAGEN, Jan. 24.—Ensign Krylenko, former commander of the Russian Bolsheviki army, has been arrested, according to reports through Finland. He was caught when he attempted to enter the anti-Bolsheviki army of General Krasnoff for espionage purposes.

BERGER REFUSED
SEAT IN CONGRESS

WASHINGTON, Jan. 24.—Representative Gillett of Massachusetts, Republican candidate for speaker of the next house, issued a statement today saying the first act of the new house would be to refuse a seat to Victor Berger, convicted in Wisconsin of violation of the espionage act.

SAVES LIGHT BILLS

WINNEMUECA, Jan. 24.—By having the night watchman turn the lights on a little later in the evening and turn them off a little earlier in the morning, and replacing large lights with smaller ones in some of the outlying districts, the city of Winnemueca has reduced the cost of lighting nearly \$100 per month.

NO TIME TO WASTE ENERGY

Western Post Offers Good Advice When He Says, Forget That Bald Patch for the Present.

Lives there a man with soul so dead that never to himself he's said, when the hair on his pate, once thick, begun a-looking thin and sick? "I'll put some dope on that hair and soon have foliage to spare." Lives there a man who has not spent his last red solitary cent for dope the baldhead druggist said would bring more hair upon his head. Nay, man seeks the far south and rubs his shining pate with crude, or rubs a pint of vaseline each night onto his polished beam, rubs all the dope he can afford on to the thing he calls his gourd then to the druggist doth cavort, and buyeth mange cure by the quart; but all his labor is in vain, he never grows another mane. Man that is born of woman is of few hairs and a funny phiz. He thinketh in his bosom he would look young as he used to be if he could on his poll grow bare contrive another crop of hair. That biz is picaunish biz. Use all the energy that is, and all of your hair money for the winning of this dreadful war. In this here war game don't you know you should be in the baldhead row.—Judd Mortimer Lewis, in Houston Post.

Potash in Canada.

The discovery of a large deposit of potash in Saskatchewan is of great national importance to Canada. The only other considerable deposit on this continent, as far as known, is at Seaford Lake, in California. This is being developed under the auspices of the American government. The Dominion and Saskatchewan governments should make sure that the new deposits are made productive as soon as possible by the owners.—Toronto Mail and Empire.

LOST OR STOLEN

Fox terrier puppy, answers name of Growler; brown face, black spots on back. Return to Owl Cabaret and receive reward. advJ2422

NOTICE

The annual meeting of the stockholders of the Tonopah Mines Hospital Association will be held in the office of the association, Tonopah, Nevada, at three o'clock p. m. February 1st, 1919, for the purpose of electing officers for the ensuing year, and any other business that may properly come before the meeting.

T. A. FRAZIER, Secretary, advJ2423

PERSONAL

MAT GUTHRIE left this morning for a visit to Carson City and Reno. ALLAN RIVES, auditor of the Pittsburg Silver Peak Mining company, left this morning for Blair.

P. A. SIMON, the Mina operator was a passenger for the railroad town this morning.

CHARLES O. MURPHY, of the Goldfield postoffice staff, was a passenger this morning for the coast.

F. G. WATERHOUSE, general manager of the Nevada Tel. Tel. company, is up from his winter home at Bolinas, Cal.

JAMES R. BLAIR, general auditor of the West End Consolidated Mining company, left this morning for his home in Oakland.

H. R. COOKE, the attorney, returned home this morning after paying a hurried visit to Carson City and then proceeding to meet his wife and son, Richard, returning from a three months' stay at the home of Mrs. Cooke's mother at Mokelumne Hill in Tuolumne county, Cal., where the country is free from influenza. Mrs. Cooke and her son have been away from Tonopah for six months.

JAPANESE ASK FOR
MODIFIED TERMS

HONOLULU, T. H., Jan. 5.—(By Mail).—According to advices received here by the Nippon Jiji, a Japanese daily newspaper, immigration societies of Japan are advocating several modifications of the regulations now governing Japanese immigration to the United States and other countries. One change asked is the extension from a year and a half to three years of the period allowed for the return to the United States of Japanese who have gone to the homeland for a visit. It is said that there is now in Japan several thousand Japanese who cannot return to Hawaii because they have overstayed the time limit.

Another change proposed is to permit Japanese picture brides to obtain passports for the United States immediately after their marriage has been reported to the American authorities. At present, a picture bride must wait in Japan six months before she can leave to join the man she married by mail.

WHAT'S WHAT

By L. L. MUSHETT

Vol. 3, Tonopah, Jan. 24, 1919. No. 9

They're at it again. Just stroll along Brokers' Row and hear 'em tell of the profits being made in stocks. Divide is king, but there is Midway, Brougher Divide, Gold Zone, Divide Extension, Hasbrouck and Dividend, all great gambles for immense profits on a small investment. Then there is Rosetta and East Divide coming up, but not listed as yet. It looks a cinch for some of the, at present little fellows, to come through with a strike that will send the stock soaring over night. The whole situation can be likened unto the big Goldfield boom of 1906. Remember the Jumbo, Red Top, Combination and Florence were the big ones until Mohawk, which was regarded as an outsider before they struck ore in the Hays-Monette lease, and it was the immense size and richness of the Mohawk orebody that started the wild speculation. It is gratifying to the old-timers to learn that Zeb Kendall has financed the Divide Extension for extensive development work and has already secured a large hoist and compressor to be run with electric power. It doesn't look possible to hold Zeb's baby down, since it is certain that one of the big veins strikes through the ground. I'm not so much interested in the stock, however, as I am in the fact that it makes a dandy machinery market and puts more money in circulation.

SOLDIERS AND SAILORS

The U. S. employment bureau has organized a local labor bureau in Nye county for the purpose of aiding mustered out and returning soldiers and sailors in being reinstated in their former positions, or in obtaining other suitable employment.

All returning soldiers and sailors needing or desiring the assistance of the U. S. Labor Bureau will please call at the office, room 505 State Bank Building.

H. R. COOKE, Chairman.
L. L. MUSHETT, Secretary, advJ2411

Location notices in book form with carbon sheets and duplicates for ready reference. For sale at the Bonanza.

AMUSEMENTS

SPECIAL TEN-REEL
PROGRAM TODAY

This is the day "The Great Love" will be shown at the Butler—one matinee and two night shows. D. W. Griffith, acknowledged to be the world's greatest producer, spent 18 months on the war-torn fields of France securing scenes of a magnitude hitherto unknown to the motion picture art. Coming back to California he spent another six months completing the story. The result of his labor is as big as a circus. Mr. Griffith's "Birth of a Nation," "Intolerance" and "Hearts of the World" were shown in big theaters at high prices. Everyone knows what a "D. W. Griffith production" means. In order to get the mighty message of "The Great Love" to all of America, he has presented his newest achievement in the motion picture theaters first. He wants all America to see it. For this reason half prices prevail. Not \$2, \$1.50 or \$1 that is usually paid to see a Griffith picture; you will see it here today at 11c for children, and 20c and 25c for adults, which is probably the lowest price for which it has ever been shown anywhere. The first show will start at 7 and the second at 9 o'clock; so whatever comes up, do not miss seeing it. Added to the feature will be a two-reel Sennett comedy and a Paramount-Bray cartoon.

RETURNS TO CIVIL LIFE
FROM THE MARINE CORPS

John Christenson, formerly employed by the Golden Rule, arrived home yesterday after nineteen months' absence, from Mare Island, where he was serving as quartermaster's sergeant, which is equivalent to the rank of second lieutenant in the army, entitling him to wear an officer's uniform. Sergeant Christenson has been spending his time renewing old acquaintances before leaving to morrow for Las Vegas where he will enter the Penny & Co. store at that point.

TUNGSTEN OPERATOR BREAKS
HIS ARM CRANKING AUTO

W. I. Noonan, the tungsten operator of Mina, is nursing a fractured arm caused by cranking an automobile last Wednesday. The injury is only a simple fracture and without complications. Mr. Noonan operates the former Atkins-Kroll property, which he secured on bond and lease and is reported to have taken out more than enough ore to pay the entire amount demanded by the bond.

AT THE AIRDOME

Dance at the Airdome every Saturday night. Mail us favorite selections before Friday of each week and the orchestra will play them Saturday night. If we have not got them we will get them. We want to please you. advJ1717
